

US CONEC IBC™ 2.5 MM PC/APC FERRULE CLEANER

ARTICLE NO. GV-11021

KEY PRODUCT DATA

Connector size
2.5 mm

Cleaning cycles
Approx. 525

Accessory type
Cleaning kit

DESCRIPTION

Dry cleaner specially designed for cleaning single-fibre connectors
The protective cap also serves as an adapter for cleaning unmated connectors
Cleans 2.5 mm ferrules for E2000®, SC, FC and ST connectors with PC and APC polishes
Disposable after approximately 525 cleaning cycles per unit
Made from antistatic synthetic resins
The cleaning microfibres are tightly twisted and free from foreign particles
The cleaning system rotates approximately 180° during a complete cleaning cycle
Integrated magnetic holder for temporarily attaching the cleaner to a metal surface during multi-fibre work
